In this witty novel of ideas, an intellectual and sensual adventure of the rarest kind unfolds amid a picturesque Mediterranean island. Generations of readers have delighted in the tale of an English clergyman's visit to a "rambling and craggy sort of place," where whitewashed houses perch on sheer rock cliffs above a gleaming sea. But underneath its tranquil surface, the island seethes with volcanic activity. And behind the aristocratic discourse on life and love lies a tangle of nefarious activities, from art forgery to murder. A memorable cast of characters includes the genteel visiting bishop as well as an elderly diplomat, a devilish magistrate, a malevolent barkeeper, and a host of other expatriates, freethinkers, eccentrics, zealots, and ne'er-do-wells. Their interactions generate a volatile mixture of notions that prove as unsettling as the sirocco, the hot, damp

wind from the south. Combining elegant prose with glittering epigrams, mordant satire, and memorable characterization, this story offers thought-provoking entertainment.
