African American literature in the years between 1800 and 1830 emerged from significant transitions in the cultural, technological, and political circulation of ideas.

Transformations included increased numbers of Black organizations, shifts in the physical mobility of Black peoples, expanded circulation of abolitionist and Black newsprint as well as greater production of Black authored texts and images. The perpetuation of slavery in the early American republic meant that many people of African descent conveyed experiences of bondage or promoted abolition in complex ways, relying on a diverse array of print and illustrative forms. Accordingly, this volume takes a thematic approach to African American literature from 1800 to 1830, exploring Black organizational life before 1830, movement and mobility in African American literature, and print culture in circulation, illustration, and the narrative form.

Given the popular and scholarly interest in the First World War it is surprising how little contemporary literary work is available. This five-volume reset edition aims to redress this balance, making available an extensive collection of newly-edited short stories, novels and plays from 1914–19.

Lost Youth Volume 2 London is the follow up to the critically acclaimed bestselling novel, `Lost Youth Volume 1 New Zealand`. Here now continues this incredible true life story of one man's life that took him from a lonely prison cell in New Zealand to England bound at the young age of 20 years old. Once in London without knowing anyone and with only the clothes on his back, he campaigned for the next 5 years of his life for the release of the notorious gangland crime boss Reggie Kray from a 30 year prison sentence. What was to come next in the authors life was unexpected as not only did he step straight into the underbelly surroundings of the British underworld, one of the most powerful gangland families in British history, he too was swept into the world of show-business. Starting out in the music industry thanks to the kind hearts of two people, a lovely Irish lady by the name of Eileen Sweeney and an old school Irish gentleman by the name of Vince Power. The author was given work at The Mean Fiddler in Harlesden, which at time was the most famous live music venue in all of the British Isles. He then went on to making a career for himself, going on to working with such names as Michael Jackson, Jon Bon Jovi, Paul McCartney, Tricky, Elton John, Janet Jackson to name only a few that saw this young man take the correct path in life rather than a life of crime. He chooses rock n roll rather than a life spent behind jailed bars. He turned his life around for the better and went onto great heights that could never have been dreamed of. This book will take you on one hell of an adventure but one you will need to hold on tight as there are many shakes, rattles and rolls along the way. It is an inspiration to anyone who has ever suffered or given up on their hopes and dreams. Its what films are made of, Hollywood will be sure to be knocking soon.

The first volume of this series dealt with the initial 19 months of the air war over the Western Desert of North Africa. This volume picks up the story as the 8th Army, following its hard-fought success in Operation Crusader, was forced back to the Gazala area, roughly midway between the Cyrenaican/Tripolitanian border of Libya and the frontier with Egypt. It covers the lull prior to the disastrous defeat of the 8th Army in June 1942 and the loss of the important port and fortress of Tobruk. The costly efforts of the Allied air forces to protect the retreating British and Commonwealth troops and prevent this turning into a rout is examined in depth. So too is the heavy fighting which followed in the El Alamein region as the line was stabilized. This period was ameliorated somewhat for the Western Desert Air Force by the arrival – at last – of the first Spitfires. The buildup of both the army and air force which followed, coupled with new commanders on the ground, meant that Rommel's Deutsche Afrika Korps was defeated at Alam el Halfa at the start

of September, and then again, comprehensively, at the climactic battle of El Alamein in October. Joined now by the first units of the United States Army Air Force, the Allied air forces began to achieve a growing ascendancy over those of the Axis. The long, rather slow, pursuit of the Italo-German forces right across Libya is recounted, including the capture of Tripoli, followed by the breakthrough into Southern Tunisia at the end of March 1943. This allowed a linkup with the Allied forces in Tunisia (whose story will be related in Volume 3) to be achieved. In this volume follow to the fortunes of some of the great fighter aces of the Desert campaign such as Jochen Marseille and Otto Schulz of the Luftwaffe, Franco Bordon-Bisleri of the Regia Aeronautica and Neville Duke, Billy Drake and 'Eddie' Edwards of the Commonwealth air forces. While the fighting above the constantly moving front lines form the main narrative of this book, the Allied and Axis night bombing offensives and the activities of the squadrons cooperating with the naval forces in the Mediterranean are certainly not neglected.

The second in a four-part series, COTUM V2: School reads like a self-written psych report, detailing chronic underachievement, perpetual inattention and endless tales of teacher torment. Focusing on school-based stories of inattention and calculated defiance, expect the unexpected in this laugh-out-loud summary of school in the 1980's. Along the way, lockers are violated, field trips go bad, languages are mangled, teachers are pranked and unspeakable stunts are pulled with apples and squirrels.

It is an elevation of human beings, an inner explanation of some events of the world, it allows you to see the inner facts and the corresponding events that generate them.

The second volume of the extraordinary life of the great music and literary icon Leonard Cohen, in the words of those who knew him best. Poet, novelist, singer-songwriter, artist, prophet, icon—there has never been a figure like Leonard Cohen. He was a true giant in contemporary western culture, entertaining and inspiring the world with his work. From his groundbreaking and bestselling novels, *The Favourite Game* and *Beautiful Losers*, to timeless songs such as “Suzanne,” “Dance Me to the End of Love,” and “Hallelujah,” Cohen is one of the world's most cherished artists. His death in 2016 was felt around the world by the many fans and followers who would miss his warmth, humour, intellect, and piercing insights. Leonard Cohen, *Untold Stories* chronicles the full breadth of his extraordinary life. This second of three volumes—*From This Broken Hill*—follows him from the conclusion of his first international music tour in 1971 as he continued to compose poetry, record music, and search for meaning into the late 1980s. The book explores his decade-long relationships with Suzanne Elrod, with whom he had two children, and various other numerous romantic partners, including the beginning of his long relationship with French photographer Dominique Issermann and, simultaneously, a five-year relationship with a woman never previously identified. It is a challenging time for Cohen. His personal life is in chaos and his career stumbles, so much so that his 1984 album, *Various Positions*, is rejected by Columbia Records, while other artistic endeavours fail to find an audience. However, this period also marks the start of his forty-year immersion in Zen Buddhism, which would connect him to the legendary Zen master Joshu Sasaki Roshi and inspire some of his most profound and enduring art. In *From This Broken Hill*, bestselling author and biographer Michael Posner draws on hundreds of interviews to reach beyond the Cohen of myth and reveal the unique, complex, and compelling figure of the real man. Honest and entertaining, this is a must-have book for any Cohen fan.

A marathon dance mix consisting of thousands of mashed up text and image samples, *In the House of the Hangman* tries to give a taste of what life is like there, where it is impolite to speak of the noose. It is the third part of the life project *Zeitgeist Spam*. If you can't afford a copy ask me for a pdf.

Dark Passages picks up moments after the cataclysmic conclusion to *The Fourth Age*. Despite Arakon's best efforts Valuria is left with a five mile crater and the surrounding lands are plunged into darkness. Armies have been destroyed and a kingdom left in ruins. In Kyrotha, the Lady Y'Shanarra calls upon an old alliance to navigate the ancient city of Teitan and do battle against the vampires. Balgor still wants revenge on Arakon and seeks to do so through Celecia. If any of the heroes survive, the shadows and Terek's mercenaries await. In Parthea, Trevor leads another group of heroes into the goblin caves that lie within the Khanian Mountains. No one could prepare them for the dangers they will face; yet help comes from an unlikely and unexpected source. Raven is embraced by the group, but will she save or betray them?

Begin and end each day focused on the presence of God. Whether starting out the day or winding down for the night, staying connected to the presence and work of God is the most important way to do both. *The One Year Devotional Prayer Book - Volume 2* is a perfect resource for men and women alike for daily devotions and morning and evening prayer. After an introduction by Johnny Hunt (former Southern Baptist Convention president), each of the 52 contributing pastors and evangelists share a week's worth of devotions and prayers, all tying to the seventeen topics of living the Christian life. The handsome leatherflex design is beautiful for any nightstand, keeping the precious time spent with the Savior as close as one's fingertips.

This volume continues the *Dialects of English* series, and complements *Irish English volume 1: Northern Ireland*, by Karen Corrigan. Focusing on Irish English in the Republic of Ireland, the book starts by

exploring the often oppositional roles of national language development and globalisation in shaping Irish English from the earliest known times to the present. Three chapters on the lexicon and discourse, syntax, and phonology focus on traditional dialect but also refer to colloquial and vernacular Irish English, the use of dialect in literature, and the modern “standard” language, especially as found in the International Corpus of English (ICE-Ireland). A separate chapter examines the internal history of Irish English, from Irish Middle English to contemporary change in progress. The book includes an extended bibliographical essay and a set of sample literary texts and texts from ICE-Ireland. Continuing themes include the impact on Irish English of contact with the Irish language, the position of Irish English in world Englishes, and features which help to distinguish between Irish English in the Republic and in Northern Ireland.

Featuring completely remastered color and text corrections, these stories have been unavailable in color since their original publication, nearly thirty years ago. Peter S. Prescott was one of the most informed and incisive American literary critics to write for the general public. Never content merely to summarize or to pronounce quick judgments, Prescott's reviews are witty and delightful essays to be enjoyed for their own sake as examples of civilized discourse. Whether he is exploring a well-known novelist's outlook and methods, or the peculiar deficiencies of a work of nonfiction, Prescott's grace, elegance, and insights make each piece proof that real criticism need not be pedantic, obscure, or interminably long. The focus in this second volume of Prescott's writings published by Transaction is on both fiction by American authors and on nonfiction reflecting our American unease. He casts an ironic eye on how we in this country think we live now; on what we are saying about ourselves in our fiction, our history, and our biography. Prescott considers some of our century's classic writers: Hemingway and Henry Miller; John Cheever and Thornton Wilder. He offers new insights regarding those who are still at work: Mailer, John Irving, Oates, Updike, Ozick, and Alice Walker. Some authors do not fare well. With his customary flair; Prescott explains why the reputations of Kurt Vonnegut and Barbara Tuchman, the Encyclopedia Britannica, and John Gardner, urgently need deflation. He includes essays on writers and books not generally noticed in collections of criticism: Stephen King, The Joy of Sex, fairy tales, science fiction, thrillers, books on survival and etiquette. Here is a critic with a personal voice and a sense of style. For essays published in this collection, Prescott received the most highly regarded prize in journalism: the rarely presented George Polk Award for Criticism. This is a chronicle of our contemporary American culture as revealed by its books, written with verve, intelligence, wisdom, and wit by a critic who's cruel only when appropriate. Encounters with American Culture is, quite simply, literary journalism at its urbane best.

Books 4-6 in the Chaos series (including bonus novella, Kings). Usurper It's been a year since Cara returned to the human realm with her daughter, and the fae have come knocking again. The game of kings is still being played, power is the ultimate prize, and Scarlet is an asset every court wishes to acquire. As Sadler's next move is revealed to

be his deadliest yet, and Scarlet's burgeoning powers begin to develop into something that can't be hidden, Cara realises that something more significant than a faery promise is needed to protect her family. It's time for her to build on what she started in Sadler's court. But although the game is seductive, the price of winning might be too costly for a human to pay. Blight As the blight spreads, destroying the land, Cara's new subjects turn on her, and Brendan and Drake are no longer there to help her. The Darksidiers thought she'd be pliable, or maybe even a miracle-worker, and it's not as easy to scrub away Sadler's influence as she thought. But Scarlet isn't her only priority any more, and once the ceremony to swear her in as regent is done, it'll be time for Cara to join forces with the kings, find a way to stop the blight, and prove to the fae that she can be the leader they need. It took a Darksider to steal the throne; it'll take a faery queen to keep it. Kings Set between books five and six in the Chaos series, Kings is a brief look into the lives of Drake and Brendan. After sealing the rift, Drake hears word of his wife's sickness only to find that the cause is exactly what unites his enemies against him. Brendan's journey across unexplored waters is only beginning, and if he finds what he's looking for, he'll owe a determined woman a throne by his side. But can he do it? Whatever course of action is taken next, they will change their world. Sacrifice As a king's life hangs in the balance, alliances are made then broken. Only trickery can help Cara protect those she cares about, but when her enemies show their true face, she realises the truth: every distraction feeds Chaos. Cara's not the only one searching for a legendary treasure, not the only one reaching for power. The journey's not over, but at the end of every path lies Sacrifice.

During the same period in which Derek Walcott was pouring immense physical, emotional, and logistical resources into the foundation of a viable first-rate West Indian theatre company and continuing to write his inimitable poetry, he was also busy writing newspaper reviews, chiefly for the Trinidad Guardian. His prodigious reviewing activity extended far beyond those areas with which one might most readily associate his interests and convictions. As Gordon Rohlehr once presciently observed, "If one wants to see a quotidian workaday Walcott, one should go back to [his] well over five hundred articles, essays and reviews on painting, cinema, calypso, carnival, drama and literature," articles which "reveal a rich, various, witty and scrupulous intelligence in which generous humour counterpoints acerbity." These articles capture the vitality of Caribbean culture and shed additional light on the aesthetic preoccupations expressed in Walcott's essays published in journals. The editors have examined the corpus of Walcott's journalistic activity from its beginnings in 1950 to its peak in the early 1970s, and have made a generous selection of material from the Guardian, along with occasional pieces from such sources as Public Opinion (Kingston) and The Voice of St. Lucia (Castries). The articles in Volume 2 are organized as follows: the performing arts; general surveys of anglophone Caribbean drama, theatre, and society; festivals, theatre companies, and productions; British and American drama; dance and music theatre; Carnival and calypso; and cinema screenings in Trinidad. Volume 2 additionally contains an exhaustive annotated and cross-referenced chronological bibliography of Walcott's journalism up to 1990. The co-editor Christopher Balme has written a searching introductory essay on a central theme – here, a survey of West Indian theatre and Walcott's engagement with it, particularly the idea of a 'National Theatre', coupled with an illustrative discussion of the playwright's seminal dramatic spectacle *Drums and Colours*.
