Overcoming these pitfalls takes discipline and patience. In *Trade with Passion and Purpose*, successful trader Mark Whistler draws from the fields of psychology, spirituality, and philosophy to illuminate the path to profitable trading. This engaging book acknowledges how difficult it is to consistently win in the markets, but at the same time, demonstrates how adhering to a small number of core principles can vastly improve the chances of success. It includes interviews and comments from top traders and sports stars that show how even the most successful traders and athletes have overcome challenging setbacks—thus outlining the psychological keys to becoming a better trader. Time and time again as humans we box ourselves into corners, lose sight of the important things, and fail to heed the creative and intuitive voices that offer us assistance. According to Terry Lynn Taylor, one of the best-known and well-recognized experts on angels, it is in such moments that we should turn to angels. They are always there to help. All we have to do is ask. In her new book, *Messengers of Love, Light and Grace*, Terry explains how to recognize and access the angels in our lives. She offers a creative approach for having our wants and needs met by calling on our angels to work their magic. According to Terry, this process is far more than angels simply answering our prayers. Rather, they guide us in the right direction through intuitive communications that allow us to generate the answers to our questions and problems ourselves.

*The Dynamic Laws of Prosperity AND Giving Makes You Rich - Special Edition* by Catherine Ponder (2 books in 1) *The Dynamic Laws of Prosperity* This book is the result of several recent recessions and many years of lean living. Nobody likes recessions and nobody likes lean living - and indeed nobody should like them. For fifteen years I tried to find such a book as this one. During those years of searching the bookshelves, I found that there are many books which give various ideas, but in none of them did I find a set of compact, simple laws for assuring success. I began searching for a book such as this after having been widowed and left with a small son to rear and educate. Since I had no training for work and no means of income, I would have given anything to have known then about the power of prosperous thinking. For a while I experienced depression, ill health, loneliness, financial lack and a sense of complete failure. It seemed that the whole world was against me, and that everything that I did went wrong. But with my son to provide for, I could not settle for failure. I had to succeed for his sake as well as for my own. Finally, when I was at my lowest ebb emotionally, physically and financially, I learned about the power of thought as an instrument for success or failure. I came to realize that the right use of my mind could become the key to healthy, happy, prosperous, successful living. As soon as I grasped this wonderful success secret, the tide began to change. This book plainly shows how prosperous thinking has helped people in every walk of life to experience these results. Furthermore, it shows how prosperous thinking can do these things for you, too. *AND Giving Makes You Rich* *The advanced laws of prosperity: Giving makes you rich, when you give systematically. We have to give constantly, in order to receive constantly. Ten is the magical number of increase.*
