

# Chapter 27 Section 2 Imperialism Case Study Nigeria

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Billings demonstrates that Acts was written in conformity with broader representational trends found on imperial monuments and in the epigraphic record of the early second century. Essays in the fourth volume examine key themes and flashpoints: the 'Bush Doctrine', the Iraq War, the rise of Islamic Fundamentalism, US relations with the UN, and many others.

The authors of VOYAGES IN WORLD HISTORY never forget that history is made up of the stories of people. Each chapter of the text centers on a story -- a traveler's account that highlights the book's main theme, the constant movement of people, goods, and ideas. The travelers include merchants, poets, rulers, explorers, soldiers, missionaries, and scholars, and their voyages provide a framework for each chapter that will capture students' interest and draw them into the stories of the people, places, and events crucial to understanding world history. Special features highlight connections across chapters, societies, and periods, helping students understand historical events in a global context. Available in the following split options: VOYAGES IN WORLD HISTORY, Third Edition Complete, Volume 1: To 1600, and Volume 2: Since 1500. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A new history of the United States that turns American exceptionalism on its head American Empire is a panoramic work of scholarship that presents a bold new global perspective on the history of the United States. Taking readers from the colonial era to today, A. G. Hopkins shows how, far from diverging, the United States and Western Europe followed similar trajectories throughout this long period, and how America's dependency on Britain and Europe extended much later into the nineteenth century than previously understood. A sweeping narrative spanning three centuries, American Empire goes beyond the myth of American exceptionalism to place the United States within the wider context of the global historical forces that shaped Western empires and the world.

consists of Will the Structure of European Union Crumble? Chapter 25 consists of Summary and Conclusion. The book is supported by Bibliography. I earnestly hope that the matters raised in this Book will help the intended readers to understand the construction of various stages of European Union. This Book, however, is not intended to provide impetus to the realization of certain definite ends on the subject and not at all a document for expert professionals, such as: economists; constitutional experts; political analysts, or other specialists. Each chapter of this Book is intended to stand alone so that the reader can refer to the chapter which deals with his or her specific area of interest. Hence some repetition may occur. If the reader wishes to gain further knowledge and deep understanding of the subject, he or she is directed to consult the scholastic work of the authors in the bibliography.

A bestseller in its field, A History of Western Society examines the lives of both historical figures and ordinary people, using an engaging, lively writing style to capture and maintain student interest. The authors pay careful attention to political and cultural phenomena, providing a balanced account of Western history as a whole. In addition to its emphasis on social history, the Eighth Edition retains the text's hallmark pedagogical features and visual appeal. In order to promote critical thinking, "Listening to the Past" features present primary source documents and "Questions for Analysis" that reinforce themes in social history. "Individuals in Society" biography features focus on the impact of historical events on an individual or group and explain the actions taken by those people. "Images in Society" photo essays promote visual analysis. New coverage includes the Iceman in Chapter 1, Reformation art in Chapter 14, and eighteenth-century London in Chapter 19. More emphasis has been placed on a broader view of Europe, particularly Islamic regions, and Europe's place in the world. Chapter 9 includes a new section on Moorish Spain, while Chapter 27 focuses on the effects of World War I on Arab nations. The Eighth Edition devotes greater attention to women and gender issues. Expanded coverage includes Spartan and Athenian women, witch hunts, and British women's role in imperialism. - Publisher.

"Whaling Diplomacy is the only book that addresses all of the substantive issues relating to the conservation of whales through the International Whaling Commission (IWC). It covers the law, policy, science and philosophy at the heart of each element of the debate, discussing how it has developed, the current problems that beset it and what is necessary for the future. Together, all of the issues involved in whaling form a single crucible through which the future of conservation in international environmental law is being debated." "Students of law, politics, environmental economics and philosophy will find this book of great value for its cutting-edge relevance over the three disciplines. Policymakers will also find it of interest for the insight into one of the most controversial conservation debates of our time."--BOOK JACKET.

teacher. I realized that most student teachers while in training do not have the opportunity to think creatively about their lessons. I also noticed that teachers new to the field of teaching suffer the same fate; they are too busy trying to survive the day and are not sure how to plan and organize their teaching. Lesson plans are one of the most important tools for a teacher and more important for the novice teacher. I believe that during student teaching or during their undergraduate years, if students were equipped with this book their first year teaching will not look so first year. Imagine an undergraduate class filled with soon to be Social Studies teachers discussing these selected lesson plans, improving upon them and making them their own. Most first year teachers over teach or under teach and both types still miss the marks on the standardized test. These lesson plans will give the new teacher a place to begin.

"This book surveys the classical Marxist and neo-Marxist traditions in the theory of imperialism. Polychroniou favors the former, especially Lenin, and is highly critical of neo-Marxian scholars, such as Baran, Frank, Wallerstein, and Amin. . . ." Choice  
This volume contains Marxist economist Henryk Grossman's valuable political texts written when he was a leader of a revolutionary organisation of Jewish workers, then a member of the Communist Workers Party of Poland and later a Marxist academic. This ground-breaking book portrays international communication from differing perspectives by examining a number of major trends, stakeholders, and global activities emerging in the communication field. Using major media stakeholders like CNN, MTV, AOL/Time Warner, BBC, and the music industry, Global Communication provides new insights into the international factors affecting media. The book is organized around two main theories: electronic colonialism and world system theory. Electronic colonialism outlines the global impact and significance of trends across the communication sector, while world system theory categorizes the nations into three levels core, semi-peripheral, and peripheral nations in terms of global hardware and software production. The book concludes with a discussion of the potential impact of industry changes and the blending of old and new media.

Cet ouvrage s'adresse en particulier aux étudiants d'anglais de premier cycle universitaire. Il aborde tour à tour l'histoire des institutions américaines, la diversité et le conformisme de la société et le rôle des États-Unis dans le monde. Les sujets traités concernent les phénomènes actuels, mais sont toujours replacés dans une perspective historique hors de laquelle leur compréhension resterait incomplète. Chaque chapitre se compose d'un exposé en anglais sur le thème abordé, de tableaux et de graphiques (factfiles) pour faciliter la mémorisation des dates-clés, des faits ou des chiffres importants, et d'une sélection de textes fondamentaux, variés et suivis de questions. Cet ouvrage de référence sera un guide précieux pour connaître l'histoire américaine et comprendre les États-Unis d'aujourd'hui. Il complète le Manuel de civilisation britannique et l'Anthologie de civilisation britannique déjà parus. Cette édition a été entièrement actualisée en fonction des évolutions les plus récentes, et en particulier depuis le 11 septembre 2001.

Essays that explore new ways of living with technological change Every year since 1964, the Socialist Register has offered a fascinating survey of movements and ideas from the independent new left. This year's edition asks readers to explore just how we

need to live with new technologies. Essays in this 57th Socialist Register reveal the contradictions and dislocations of technological change in the twenty-first century. And they explore alternative ways of living: from artificial intelligence (AI) to the arts, from transportation to fashion, from environmental science to economic planning. Greg Albo - Post-capitalism: Alternatives or detours? Nicole Aschoff and Pankaj Mahta - AI-deology: Science, capitalism and the dream of a 'people's AI' Hugo Radice - There is nothing artificial about AI: Labour, class, utopia, socialism Larry Lohman - Interpretation machines: Contradictions of digital mechanization in twenty-first century capitalism Robin Hahnel - Democratic socialist planning: Against, with and beyond the new technologies Tanner Mirrlees - Platform socialists in the age of digital capitalism Derek Hrynshyn – Imagining information socialism Bryan Palmer - Capitalism and the clock: Time's meaning in the struggle for socialism Sean Sweeney and John Treat - Shifting gears: Labour strategies for low-carbon public transit mobility Adam Greenfield - Smart cities, technological traps, democratic possibilities Christoph Hermann - The consequences of commodification: Contours of a post-capitalist society Joan Sangster – The surveillance of service labour: Conditions and possibilities of resistance Jeronimo Montero Bressan - Beyond neoliberal fashion: Imagining clothing production as a human need Massimiliano Mollona - Art/Commons: Art collectives and the post-capitalist imagination Ingar Solty – The world of tomorrow: Scenarios for our future between demise and hope

A milestone in the understanding of British history and imperialism, this groundbreaking book radically reinterprets the course of modern economic development and the causes of overseas expansion during the past three centuries. Employing their concept of 'gentlemanly capitalism', the authors draw imperial and domestic British history together to show how the shape of the nation and its economy depended on international and imperial ties, and how these ties were undone to produce the post-colonial world of today. Containing a significantly expanded and updated Foreword and Afterword, this third edition assesses the development of the debate since the book's original publication, discusses the imperial era in the context of the controversy over globalization, and shows how the study of the age of empires remains relevant to understanding the post-colonial world. Covering the full extent of the British empire from China to South America and taking a broad chronological view from the seventeenth century to post-imperial Britain today, *British Imperialism: 1688–2015* is the perfect read for all students of imperial and global history.

A critical look at the Russian gentry from the 1830s to the 1870s, M. E. Saltykov-Shchedrin's novel *The Golovlyovs* exposes the insubstantiality of the family as one of the proclaimed bases of Russian social life. In sharp contrast to his contemporaries, including Aksakov, Turgenev, Tolstoy, and Goncharov, Saltykov-Shchedrin shows the gentry family, as represented by the Golovlyovs, as disintegrating, corrupted by its status and way of life. The book, the sixth in the AATSEEL Critical Companions to Russian Literature series, begins with a brief sketch of Saltykov-Shchedrin's life and literary career, then goes on to explain the novel's content and characters, including reference to contemporary events relevant to the narrative and discussion of the major points of the novel and its conclusion. An extensive bibliography includes a listing and brief assessment of the various English translations of the novel.

This practical volume includes a unique selection of materials proven effective in

classrooms across the country. These are selections on global, comparative, and cross-cultural approaches to world history, with individual chapters on art, gender, religion, environment, civilizations, cities, political systems, religion and philosophy, literature, trade, and technology. World history teachers, from high school to college undergraduate, will profit from its --lesson plans; --reading and multi-media recommendations; --suggestions for classroom activities.

When people pay bribes to foreign public officials, how should the law respond? This question has been debated ever since the enactment of the U.S. Foreign Corrupt Practices Act of 1977, and some of the key arguments can be traced back to Cicero in the last years of the Roman Republic and Edmund Burke in late eighteenth-century England. In recent years, the U.S. and other members of the OECD have joined forces to make anti-bribery law one of the most prominent sources of liability for firms and individuals who operate across borders. The modern regime is premised on the idea that transnational bribery is a serious problem which invariably merits a vigorous legal response. The shape of that response can be summed up in the phrase "every little bit helps," which in practice means that: prohibitions on bribery should capture a broad range of conduct; enforcement should target as broad a range of actors as possible; sanctions should be as stiff as possible; and as many agencies as possible should be involved in the enforcement process. An important challenge to the OECD paradigm, labelled here the "anti-imperialist critique," accepts that transnational bribery is a serious problem but questions the conventional responses. This book uses a series of high-profile cases to illustrate key elements of transnational bribery law in action, and analyzes the law through the lenses of both the OECD paradigm and the anti-imperialist critique. It ultimately defends a distinctively inclusive and experimentalist approach to transnational bribery law.

This work contains an Introduction by Harry F. Dahms. It includes contents such as: *Periodizing Globalization: From Cold War Modernization to the Bush Doctrine* Robert J. Antonio and Alessandro Bonanno; *Recognizing Empire: Alienation, Authority, and Delusions of Grandeur* David Norman Smith; *Corporate Warriors: Changing Forms of Private Armed Force in America* Harry W. Isaac and Daniel M. Harrison; *From Exceptionalism to Imperialism: Culture, Character and American Foreign Policy* Lauren Langman and Meghan Burke; *9.11.01 and Its Global Aftermath: Empire Strikes Back?* Timothy Luke. It also includes commentaries - *Globalization and Social Justice: Working the Tensions of the Dialectics of National Character* Karen Monkman; *Neoliberalism and its Discontents: Comments on Three Views of the American Empire* Barney Warf. It includes five chapters and two commentaries from some of the most respected personalities in the field. It takes a broad and diverse look at the development of globalization.

*Imperialism, Race and Resistance* marks an important new development in the study of British and imperial interwar history. Focusing on Britain, West Africa

and South Africa, Imperialism, Race and Resistance charts the growth of anti-colonial resistance and opposition to racism in the prelude to the 'post-colonial' era. The complex nature of imperial power is explored, as well as its impact on the lives and struggles of black men and women in Africa and the African diaspora. Barbara Bush argues that tensions between white dreams of power and black dreams of freedom were seminal in transforming Britain's relationship with Africa in an era bounded by global war and shaped by ideological conflict.
