With increased competition for external funding, technological advancement, and public expectations for transparency, not-for-profit and non-governmental organizations are facing new challenges and pressures. While research has explored the roles of accounting, accountability, and performance management in nonprofit organizations, we still lack evidence on the best practices these organizations implement in the areas of accountability and performance management. This book collects and presents that evidence for the first time, offering insights to help nonprofits face these new challenges head-on.

Performance Management in Nonprofit Organizations focuses on both conventional and contemporary issues facing nonprofits, presenting evidence-based insights from leading scholars in the field. Chapters examine the design, implementation, and working of accounting, accountability, governance, and performance management measures, providing both retrospective and contemporary views, as well as critical commentaries on accounting and

performance related issues in nonprofit organizations The book's contributors also offer critical commentaries on the changing role of accounting and performance management in this sector. This research-based collection is an interesting and useful read for academics, practitioners, students, and consultants in nonprofit organizations, and is highly accessible to accounting and non-accounting audiences alike.

Understanding the main concepts of IFRS Standards The fourth edition of Applying IFRS Standards explains the core principles of International Financial Reporting (IFRS) Standards. It also addresses the skills needed to apply the standards in business environments. The Doctrine of Sola-Scriptura (Bible Only) teaches that Scripture (the Bible) alone is the sole source of authority for the Christian and the Church. Coined and promulgated by Martin Luther and John Calvin (1500's), this doctrine has become the ground-floor upon which all of the doctrine of Protestant-Christianity has been built. If it can be proven that Sola-Scriptura is in error and that it is an innovation to orthodox Christianity, the entire body of purely Protestant doctrine will be, subsequently, rendered void. Using Scripture itself, reason, and a spoon full of humor, David L. Gray (also called Yoseph Daviyd) brilliantly reduces the doctrine of Sola-Scripture to absolute absurdity; thus rendering all of Protestantism Dead on Arrival. This book is a must have for all Christians who love sacred Scripture and desire to use it as God intended. This the Second Edition - The changes to the text from the previous version include additional material, modification to images, and correction of typos.

Scott reveals vast amounts of financial accounting information drawn from recent research that has until now been hidden in academic journals.
