The two share a special chemistry, but it's hard for Mark to trust anyone, even this gentle man. They both have secrets that could -- perhaps should -- keep them apart. Gentle, caring Spence keeps getting past Mark's barriers...but will Mark be able to handle it when he finds out why Spence is really here? Contains a Christmas theme, reindeer shifters, elves, abusive relationship aftermath, angst, and a happy ending. Elves and Deer Greer is a reindeer shifter working at a magical shipping hub up North. He has little use for or understanding of elves—such delicate, short-lived creatures—but he tries to do his best by the ones in his life. And it seems like more and more are coming into his life, confusing and frustrating him, needing help, needing rescued. Since Greer is always busy, it's easy to overlook the things he doesn't want to acknowledge—until a terrible danger gives him unwanted time to think...and to realize there's just one elf who means more to him than he's ever wanted to admit. Sean's parents are coming over for Christmas, and he doesn't want to tell them about the divorce and ruin their holiday. If Jem will just come back for a few days, to decorate and keep up the pretense till after Christmas, he'd be ever so grateful... Felix Navidad Justin isn't a fan of Christmas (or holidays in general) at the best of times. But now his long-term boyfriend has broken up with him, and he's even more gloomy than usual. Who doesn't love to open the mailbox during the holidays and find a newsletter? Whether it's a juicy missive from a college roommate inadvertently revealing her husband's wandering eye, a self-congratulatory account of a cousin's rise to power at the local fast-food joint, or a mind-numbingly detailed account of a year's medical ailments (including photos) from a coworker, they're always entertaining. Christmas Letters from Hell skewers holiday letters of all shapes and sizes, from the ones that come crammed with cheesy graphics or written from the perspective of the recently neutered family dog to those filled with stories of "perfect" family vacations that were clearly anything but. Here Santa uses his holiday letter to let the elves know that he'll be outsourcing to China effective immediately; a bipolar mom tells two very different versions of the year's events; and Osama bin Laden touches base with his high school host family in Minneapolis. Christmas Letters from Hell serves up a steaming, savory blend of the holiday cheer, humor, and twisted truth in our well-intended attempts to stay in touch gone horribly, horribly wrong.

For years, editorial and commercial photographer Zack Arias has been a respected and trusted voice in the photography industry. Known for his photography, his teaching, and his ability to connect with photographers, Zack has long had an "open door" approach to discussing his career—the ups and the downs—and in so doing has provided a straightforward and candid look inside the industry. By consistently showing great work and offering helpful advice, he has built a large, loyal readership that looks to him for guidance in navigating the currents of a difficult and dynamic industry. Now, Zack finds yet another way to cut through the noise and offer truly valuable information to those struggling to make their way through the twists and turns of an ever-changing landscape. In Photography Q&A, Zack answers over 100 questions that he fielded directly from the public. These are questions that range across all aspects of the photo industry: gear, marketing, street photography, vision, pricing, branding, light, models, work/life balance, technical advice, and much more. From how to "put yourself out there" and start to get jobs, to how to get paid for those jobs when the client is slow to cut the check—and everything in between—Photography Q&A answers many of the pressing questions that photographers are asking, but until now have not been addressed. The book also includes intermittent "Visual Intermission" sections—where Zack discusses individual images that were milestones in his development as a photographer—as well as worksheets on topics such as pricing and costs that help photographers to "know their numbers." With all this material, and with insightful, honest answers that come straight from Zack's experience as a photographer who has seen it all (or at least a lot of it), Photography Q&A is an essential resource for any photographer looking for the real answers to the real questions in the industry today.

Not long ago, the world was awash with venture capital in search of the next Yahoo! or Amazon.com. No product, no experience, no technology, no business plan -- no problem. You could still get \$40 million from investors to start up your dot-com. And you could get people to work around the clock for stock options and the promise of millions. Then, around April 2000, it all came crashing down. Smart investors, esteemed analysts, and the business press found themselves asking: Who knew people wouldn't rush out to trade in their U.S. dollars for a virtual currency called Flooz? Who knew people wouldn't blow all their Flooz on a used car from the guys at iMotors.com? And who needed a used car from iMotors.com when they could just sit at home and have 40-lb. bags of dog food delivered to them by a sock puppet? F'd Companies captures the waste, greed, and human stupidity of more than 100 dot-com companies. Written in Philip J. Kaplan's popular, cynical style, these profiles are filled with colorful anecdotes, factoids, and information unavailable anywhere else. Together they form a gleeful encyclopedia of how not to run a business. They also capture a truly remarkable period of history. F'd Companies is required reading for everyone involved in the "new economy" -- assuming your severance check can cover the cost.

Secrets of a 16-year Full-Time Seller and Pioneering Power Seller Have you sold some items but are looking for more to sell? Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is! I have made a full-time living selling on eBay since 1998. I started selling on eBay in my college dorm room. Within 2 years, I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay, I have been through, and survived many economic booms and busts. I am now moving further into the countryside and semi-retiring from eBay selling. In this book, I will reveal all my closely guarded secrets to selling on eBay including: my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. \*\*This book is NOT for eBay novices\*\* This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US-based sellers. This book is NOT a get-rich quick scheme. Selling on eBay is easy. But it can also be hard. If everyone could get rich selling on eBay, everyone would be doing it! I will not build castles in the air for you. I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers. I will not give you a list of toys and tell you to go on Craigslist to find them. I will not claim that I work two hours a day selling on eBay and make thousands a month. (Come ON! Get real...) Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees, regardless of past performances. Instead, I will give you the TOOLS to help you find products and TOOLS to help you maximize your profits on eBay. Unlike other eBay authors, I do not recommend buying stock wholesale to resell on eBay. I will explain why in this book. I do not look for items to sell at garage sales or storage auctions. Finding a niche market is great, but I will show why you do not need to have a niche to make money on eBay. Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples, Kohl's, Target and MORE! \*\* SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART \*\* I provide many tools, secrets and tips in this book and hope that it will help you to thrive on
