2011 Updated Reprint. Updated Annually. Dominican Republic Taxation Laws and Regulations Handbook

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Jim Cavanaugh, a bachelor physics professor in his thirties, is invited to teach and do research during his summer break at a university in the city of Recife in the Northeast State of Pernambuco in Brazil. The time is the 1970s and a military dictatorship has assumed national governance due to their fear of the danger of a communist takeover by groups of exploited workers. The danger of communism appears to the authorities to be particularly severe in the northeast corner of Brazil, due to the extreme poverty of the sugar cane workers and the exploitation of them by the "Senhor's" who own the sugar cane plantations. Through no desire of his, Jim quickly becomes involved in the politics of the region, the university and its students, and even indirectly the exploited workers. At the same time a romance develops between the librarian of the department (Carolina Portela) and Jim. Jim's supervisor in the department, Jose Martelo da Silva, is afraid that the presence of communists in the department will spoil the chance of federal support, so Jose cracks down hard on a student in Jim's class, Rabelo de Barros, with known leftist leanings. He also asks Jim to cooperate in identifying communist students. Rabelo, plays a dangerous game of working to help the cane workers through an aid organization called CLUSA (Cooperative League of the USA), while at the same time being pressured by the military to inform on students. Jim is helped in his understanding of the local situation by Carolina, who comes from old line families in Recife by "The Raj" (Suresh Rajan) an Indian visitor and physics professor who is wise to the ways of developing countries such as Brazil, and by Roger Clark, who may be CIA, but works for CLUSA, and has extraordinary connections that can bring pressure on Jose and others. Apparently CLUSA's aim is to help the poor rural workers enough so that they will not foment a revolution leading to communism, while at the same time trying to damp down the inclination of the military to forcefully subdue the workers. The idea is that slow and steady progress might some day relieve the poverty and bring back democracy. With help from friends Jim manages to help the endangered student (Rabelo) while winning for himself a beautiful Brazilian wife. Jim returns to the United States with Carolina, after several difficulties, caused by the fact that although Carolina is separated from her first husband (desquitada), Brazil has no legal divorce as such. The solution leads them to return via the Dominican Republic, where Carolina gets a unilateral divorce, and Haiti, where Jim and Carolina are married in a civil ceremony, allowing Carolina to get her permanent resident visa for the United States.

Clippings of Latin American political, social and economic news from various English language newspapers.

Debunks the myth of a free press in Latin America.

Rev. ed. of : Federal evidence / by David Louisell and Christopher B. Mueller.

In this groundbreaking work, Trenita Childers explores the enduring system of racial profiling in the Dominican Republic, where Dominicans of Haitian descent are denied full citizenship in the only country they have ever known. As birthright citizens, they now wonder why they are treated like they are “in someone else’s country.” Childers describes how nations like the Dominican Republic create “stateless” second-class citizens through targeted documentation policies. She also carefully discusses the critical gaps between policy and practice while excavating the complex connections between racism and labor systems. Her vivid ethnography profiles dozens of Haitian immigrants and Dominicans of Haitian descent and connects their compelling individual experiences with broader global and contemporary discussions about race, immigration, citizenship, and statelessness while highlighting examples of collective resistance.

Today most people agree that no business is purely domestic and that even the smallest local firms are affected by global competition and world events. INTERNATIONAL BUSINESS AND ITS LEGAL ENVIRONMENT is designed to deliver comprehensive, yet accessible, coverage of the legal implications and ramifications of doing business internationally, along with the related cultural, political, economic, and ethical issues faced by global business managers. Focusing on trade, the licensing of intellectual property, and foreign direct investment, the authors present the three major forms of doing business in a foreign country through real-world examples, precedent-setting cases, managerial implications, and ethical considerations. From the legal relationship between parties in an international business transaction to managing risk to learning the special challenges of doing business in emerging economies, the 9th Edition helps students understand the most common practices and critical issues in global business law. A thoroughly revised second edition that incorporates the major changes made in the procedures and practice of the Inter-American Court. Jo M. Pasqualucci analyzes all aspects of the Court's advisory jurisdiction, contentious jurisdiction and provisional measures orders through 2011. She also compares the practice and procedure of the Inter-American Court with that of the European Court of Human Rights, the Permanent Court of Justice and the United Nations Human Rights Committee. She evaluates changes in the Rules of Procedure of the Inter-American Court that entered into force on January 1, 2010, and which substantially change the role of the Inter-American Commission in contentious cases before the Court. She also evaluates the challenges and means of State compliance with the Court's innovative reparations orders. Featuring revisions to every chapter to address the major changes, this book will provide an important and updated resource for scholars, practitioners and students of international human rights law.

Leadership on the Federal Bench: The Craft and Activism of Jack Weinstein considers the ways a particularly gifted federal judge seized the opportunities available to district judges to influence the results of the cases before him, and employed the tools available to him to make policy having a national impact. In the book, author Jeffrey Morris considers the ways in which the judge,

Jack Weinstein of the Eastern District of New York, has been limited by his position. This book adds to the slim literature about the policy-making role of district judges applying the work of legal historians, political scientists and those trained in the law. Focusing upon an admitted judicial activist - perhaps the most famous, innovative and controversial district judge sitting today - the book permits a close look at activism at the trial level. Leadership on the Federal Bench: The Craft and Activism of Jack Weinstein begins by analyzing the job of a federal district judge and why it is profitable to study Judge Weinstein. Related topics include Weinstein's background before appointment to the bench; the political and legal environment within which Weinstein has judged and the characteristics of the district in which he sat and its possible impact on him. Part of the book focuses on Weinstein's judicial output for each of his four decades on the bench. Cases are drawn from a diverse number of areas, among them the areas of civil rights, freedom of speech, search and seizures, organized crime and political corruption cases, evidence and procedure. Finally, conclusions are made on the role of district courts, judicial activism in general, along with a summary of Judge Weinstein's career.

Working with progressive conceptual categories relating to indigenous property, cultural identity, the right to an adequate standard of living and healthcare, the Inter-American Court of Human Rights continues to build a justiciability to determine the social rights of marginalised individuals and groups in the Americas. In a context of interpretative tensions of the social rights as political goals and direct effects provisions, Isaac de Paz González unveils the abilities, and the practices of the Inter-American Court's contribution to the human rights practice in the Global South.
