Drawn from a wealth of information Reverend George D. Johnson has written over the years, The Lamp Lighter is a collection of homilies, quotes, quips, witticisms, aphorisms, anecdotes, and truisms fit for any Christian library. Once a newsletter and now a volume, The Lamp Lighter is for readers of any religious affiliation or denomination. The Lamp Lighter is also considered an eclectic volume for those who want to embrace homilies or quips or witticism, whatever makes them feel uplifted, encouraged, or inspired. Johnsons homilies are for inspirational and edification purposes. Quips and quotes are for readers who like humor and thought-provocation, for a little humor is good for the soul. Still, the witticisms are for readers who want their souls stimulated. Yet, aphorisms are for readers who want to devour truth in a simple sentence. Last, anecdotes are for readers who enjoy short tales and stories that narrate biographical situations based on real life stories, while truisms are full of interesting rhetoric and literary criticisms. This eclectic volume is an inspirational piece for readers who want a fun-loving ride on a thought-provoking intellectual train.

A professor of religion offers an “engrossing and excellent” look at how the Good Book has changed—and changed the world—through the ages (Publishers Weekly, starred review). In a lively journey from early Christianity to the present, this book explores how a box of handwritten scrolls became the Bible, and how the multibillion-dollar business that has brought us Biblezines and Manga Bibles is selling down the Book’s sacred capital. Showing us how a single official text was created from the

proliferation of different scripts, Timothy Beal traces its path as it became embraced as the word of God and the Book of books. Christianity thrived for centuries without any Bible—there was no official canon of scriptures, much less a book big enough to hold them all. Congregations used various collections of scrolls and codices. As the author reveals, there is no “original” Bible, no single source text behind the thousands of different editions on the market today. The farther we go back in the holy text’s history, the more versions we find. In calling for a fresh understanding of the ways scriptures were used in the past, the author of *Biblical Literacy* offers the chance to rediscover a Bible, and a faith, that is truer to its own history—not a book of answers, but a library of questions.

A defining moment. Perhaps youve had one, an experience that explains who you are today. God had a defining moment. His Son died on the cross for our sins, changing history and his relationship with mankind. Still, his forgiveness, love and sacrifice are concepts unfamiliar to much of the world. Ignorant of such grace, society bombards us with the daily temptation to measure up or perform. When we fail to achieve the desired results, we struggle to feel Gods grace. This is especially true when life hits us hard through tragedy, unfortunate events and prolonged suffering---we question; we wonder; we misunderstand his amazing grace. This can cause us to battle shame, self-doubt and bitterness. When dark times come, are you able to find strength in Gods grace? Do you defeat insecurity, lack of self-worth and guilt through your view of grace? Have you seen your Lords footprints in the sand when you look back at the most difficult times in your life? Do your struggles and disappointments bring you to a deeper understanding of his grace? In "Footprints in the Sand: Gods Grace to Women in an Ungracious World", Erica Kim starts with a defining moment in her personal life---the tragic death of her mother---to describe her journey to rediscover Gods grace. Through poignant true-life stories and teachings about women in the Bible, you will be led from the book of Genesis to the cross to see without a doubt how God has carried each one of us in his arms through every dark and hopeless moment to help you to experience fulfillment and spiritual growth.,

Who has never had troubles, anguish or despair? We feel acute loneliness during these times. Our burdens seem too heavy to bear. Yet when we turn our eyes to heaven and pray for solace, Christ promises us his love. He, not only walks with us along the path leaden with rocks and thorns but he in fact carries us, lightening our burdens with his gentle touch. Christianity promises us eternal life if we walk with Jesus every day. This book seeks to explore the messages from the Bible and reminds us of the words from the Bible. “Be strong and courageous. Do not be afraid or terrified because of them, for the Lord, your God goes with you, he will never forsake you.’ The words of the famous hymn should encourage us “I will never forsake you, my people. I have carved you on the palm of my hand.” Our one set of footprints left behind in the sand only serve to remind us of God’s infinite love for each one of us.

Two great writers and their books that have had an influenced on me in the writing of this book are Jonathan Swifts (1667-1745) and John Bunyan (1628-1688). Jonathan Swift masterpiece titled 'Gulliver's Travels' was an allegorical attack on the hypocrisy of the human behavior that he witnessed in almost every level of life in England, especially on the political stage. John Bunyan was

the author of another famous allegorical book about a soul in search of salvation-'Pilgrim's Progress.' I do not believe this book will in any way approach the level of these two great masterpieces, but like Swift and Bunyan, I too have some comments about the behavior of my fellow Spacelanders (as I like to refer to them). What do they really believe in? What have they committed and dedicated their lives to? Because I believe the answers to these questions are the determining factors of their behavior. Like all allegorical books you will need a great imagination. But as Oscar Wilde said, "Imagination is a quality given man to compensate him for what he is not, and a sense of humor was provided to console him for what he is." Edwin Willwerth has been married for over fifty years and is the father of three children. He was a high school mathematics teacher for thirty years. Besides teaching in several public and private schools within the United States, he has also taught in Paraguay for one year, Nepal for two years and China for six months. He has been very active in his local church, serving for a number of years as a Sunday School teacher and later as head of the Sunday School Department. He was the Missionary Director within his church for several years. He has also spent time on Missionary projects in Haiti and Campeche, Mexico.

Based on the famous poem by Margaret Fishback Powers, this book of reflections and scriptures helps you to trace God's footprints guiding you along the pathway of your life.

Callie Andrews is content with her life, until she gets a phone call telling her that her twin brother is in an Iraqi prison. When Mark Wilson contacts her and tells her that his father has also been taken captive, her organized life is suddenly turned upside down. As they uncover more information, they soon realize that the company their family members worked for is not what it appeared, and the kidnappings may not have been as random as they seemed. Callie and Mark's own lives will soon be in danger as they race to rescue their loved ones. As Callie and Mark travel around the world, staying one step ahead of the men trying to keep them from discovering the truth, they find that they may have been brought into one another's lives for an even larger purpose. Can Mark's faith inspire Callie to turn back to God after spending so long running from Him? Can Callie's beauty and love help Mark heal from the heartbreak of losing his fiance and learn to open himself up once again? Their journey brings up questions of love and faith for each of them as they make Footprints in the Sand.

Traditional methods employed in biblical interpretation involve a two-way dialogue between the text and the reader. Reception theory expands this into a three-way dialogue, with the third partner being the history of the text's interpretation and application. Most contemporary biblical interpreters have ignored this third partner, although recently the need to include the history of interpretation has gained some attention. This book explores the hermeneutical resources that reception theory provides for engaging the history of biblical interpretation as a third dialogue partner in biblical hermeneutics. The first third of this work explores the philosophical background and hermeneutical framework that Hans-Georg Gadamer provides for reception theory. The center of this study examines how this hermeneutical approach is fleshed out by Hans Robert Jauss. Jauss not only builds upon Gadamer's work, but his literary hermeneutic provides a model applicable to the biblical text and its tradition of interpretation. The focus for the final third of the book shifts toward three studies that seek to demonstrate the applicability of various aspects of reception theory to biblical interpretation.

The Secret's Out offers two program models-Footsteps for those incarcerated and Reentry for released parolees-to help avoid and decrease high numbers of behavioral problems by returning citizens currently experiencing addictions, socially diminished lifestyles, financial hardships, and homelessness. The Footsteps and Reentry models, once utilized and embraced, can restore a sense of purpose, stability, pride, and focus to our returning citizens. Footsteps has a unique program design (with ten specialized areas of focus) that deals with modern-day realities and addresses unique issues in practical and productive ways. Its holistic self-help approach empowers individuals to actively participate in the transformation of their lives. Its major goal is to assist our returning citizens, while incarcerated, with gaining the necessary skills and training to achieve independent living upon release. Correctional institutions must examine and address the unique issues men and women are confronted with when entering the prison. Often, these men and women are still suffering from immediate effects of broken relationships and shock of the newfound incarceration. As a result, it is often difficult for them to adjust to the many rules and regulations imposed on them by a structured environmental program. The Footsteps model is the foundation of the transformative thinking necessary for success upon release and the precursor for the second phase of the independent living framework: Reentry for returning citizens. The second phase of the transformation process is Reentry. The Reentry model was created and developed as a guide to assist the reentry community with having a framework for success with our returning citizens. It is very important that all reentry service providers speak the same language and have a clear understanding that there are different phases of the reentry process. In this way, we have a clear vision of the goals and can effectively monitor which phase a client has achieved and received services. The long-term goals of both program models are moving the clients toward independent living without risky behaviors that contribute to criminal mentality and negative outcomes. It is also important to assist the returning citizen in understanding what mental health is and how to maintain mental health wellness. There must be a discussion and exploration about the different ways stress and trauma impacts our well-being, as well as seeking and developing coping strategies, such as stress reduction activities. In addition, the overall physical health and well-being of the individual must be given a focus, and individuals must be educated about affordable methods of healthy eating to guide them in maintaining their physical health, healthy lifestyle, the importance of regular checkups, and having proper medical coverage and a primary-care physician. It is the ability to have and enjoy gainful employment and independent housing. It is the understanding of and enjoying a positive relationship with family and friends. The Secret's Out is a book that provides a blueprint for correctional administrators, correctional staff, public officials, reentry agencies and reentry organizations to use as a guide to effectively assist the men and women who have experienced incarceration and now seeking to gain the soft skills and training necessary to achieve employment and independent living.

After Jude Hepler and his girlfriend Cory Mohny unwittingly stumble onto the zealously guarded secrets of the highly intelligent Abe Badoane (as narrated in the prequel *The Rose and the Serpent*), the enraged Abe vows revenge. To advance his scheme, he dupes fellow mine employee Duke Manningham into an attempted heart-stopping rape of the beautiful Cory and ultimately enlists Duke's aid to rid the mushroom mine of Jude forever. To frame Jude, Abe lulls a stooge into sabotaging Duke's gem '57 Chevy. Upon seeing Jude's fingerprints on his car, Duke errantly deduces that Jude is guilty and, to regain Cory's favor, agrees to join Abe at a live production of *Hamlet* in Pittsburgh. Brilliant and cunning as Hannibal Lecter, Abe Badoane smugly sits in the theater with the incriminating fingerprint evidence, but unbeknown to him, Jude and Cory have plotted a dangerous mid-performance scheme to trap him. Who will win the battle between these towering intellects, wherein the compelling Cory and Jude story of love, faith, and gripping heroism runs parallel to ""and actually intermeshes with ""Shakespeare's masterpiece, *Hamlet*? Do Jude and Cory actually think they can take down the ingenious Abe Badoane during the live performance of the famous tragedy? Who will survive this epic white-knuckle clash? * * * * * "The subtle interweaving and ingenious double-plotting of *The Pittsburgh Hamlet*--stirring, sustained, and stunning--culminates in a breath-taking climax that is one of the
