sampling, coverage of sampling to test compliance with laws and regulations, SAS #55 on internal control structure and recently published articulation standards.

Financial Accounting provides a comprehensive coverage to course requirements of students appearing in the paper Financial Accounting at BCom, BCom (Hons) examinations of different Indian universities and Foundation Examination (NS) of the Institute of Company Secretaries of India. The book is divided into four sections: Section I explains the fundamental principles necessary for understanding the subject. It covers the entire accounting cycle—from recording of financial transactions to the preparation of final accounts. Section II deals with accounting problems related to certain specific types of business transactions. Section III deals with partnership accounts. Section IV provides suggested answers to recent examinations' questions.

Like its previous editions, the Seventh Edition of Accounting Theory presents complex materials in a clear and understandable manner. Incorporating the latest accounting standards and presenting the most up-to-date accounting theory from the top academic journals in accounting and finance throughout the world, this book comprehensibly presents both the theoretical structure of accounting theory as well as the politics of the standard-setting process, which often opposes the theoretical structure. Key Features: - A reorganized table of contents with a thoroughly revised chapter on International Accounting (Chapter 10) - Discussion of the conceptual framework of the IASB (Chapter 7) - An emphasis on principles-based standards as opposed to rules-based standards - More theoretical issues are related to real world examples coming from the popular

news media. - New questions, cases, problems, and writing assignments--many from corporate annual reports. - An Instructor's Resource CD includes answers to end-of-chapter materials, chapter summaries, test banks, and PowerPoint slides.

With a distinctly Canadian agenda, Beechy/Conrod/Farrell/McLeod-Dick Intermediate Accounting, Volumes 1&2, develops both the technical skills and the professional judgement needed for students to succeed in this course. Highly regarded by instructors across Canada for its wealth and variety of cases, the new 7th Edition now includes a greater range and abundance of end-of-chapter technical exercises and assignments designed to build students confidence, provide opportunity to practice accounting concepts, and complement the cases.

A Real-World Emphasis with numerous examples from real corporations throughout the text that help students understand the application of accounting principles and techniques in practice. Illustrations and exhibits marked with an icon are excerpts from actual financial statements of existing firms. The most up-to-date CICA Handbook coverage of any text provides students with the information they need as they prepare to become accounting professionals. This revision includes coverage of the latest pronouncements and Exposure Drafts, including those concerning long-lived assets, stock-based compensation, the definition of GAAP, financial instruments, and comprehensive income. The Digital Tool contains a wealth of material to help students through their course and beyond. It includes: Financial
