

Liz Earles 6 Week Shape Up Plan Lose A Stone In Six Weeks With This Bestselling Summer Diet Plan Wellbeing Quick Guides

Delicious recipes and the ultimate wellbeing plan for a healthy gut in 6 weeks. 'A better gut means better health. It really is that simple. And it works at every level of the body, as friendly microbes affect not only the digestion of our food but also brain health, mood, emotions, energy levels, ageing, weight loss and so much more. Understanding this can give us the blueprint for a longer, happier, healthier life.' Liz Earle, MBE is one of the world's most respected and trusted authorities on wellbeing. Following on from her popular 6-week guide *Skin*, Liz now reveals a brand-new plan to detox, cleanse and nourish the digestive system to improve your inner health and outer beauty. Packed with the latest science and beautifully illustrated throughout, *The Good Gut Guide* provides practical advice on pre- and probiotics, fermented foods and how best to address your individual needs and goals - whether these be specific to life stage, a long-standing health issue or weight loss. An expert in feel-good food and eating well to look your best, Liz also shares 80 nutritious recipes - including many suitable for vegetarians - to help you achieve wellbeing from within.

New York Times bestselling author Liz Carlyle creates her darkest, most sensuous story yet, as a delectable but desperate governess runs headlong into the path of a notorious rake. Women rarely refuse the wicked Earl of Hepplewood, whose daring exploits are only whispered about. But when his new governess answers his proposition with a slap, then stalks out, references in hand, Hepplewood finds more than his face is burning. Isabella Aldridge has brains, bravado, and beauty—but the latter is no use to a servant. Her circumstances are desperate, and with Hepplewood's words ringing in her ears, Isabella realizes she must barter her most marketable asset . . . her body. But when fate sends Isabella back into Hepplewood's arms, the earl must make an impossible choice—draw Isabella down into his sensual darkness, or behave with honor for the first time in his life.

A bestseller (over 80,000 copies sold) in a second, updated edition. Learn fascial exercises to improve mobility and flexibility, avoid and treat pain, and improve sports performance. In this second edition of his best-selling guide to fascial fitness, fascia researcher and Rolfing therapist Dr. Robert Schleip shows you a series of practical exercises that you can easily build into your day-to-day routine. He introduces the most recent scientific findings from the world of fascial research, and explains which methods and equipment are most effective for fascial health (as well as which ones do more harm than good!). These new findings are already changing the shape of physiotherapy and the methods of treatment and recovery we use today, and will continue to do so in the future. Physiotherapists, sports scientists, and

doctors agree that if we want to stay flexible, energetic and pain-free in our day-to-day lives and sporting pursuits, we need to look after our connective tissue - our 'fascia'. There has been a great deal of research into this over the last few years, all of which shows that the fascia around our muscles plays a huge role in keeping us fit, healthy, flexible, and feeling good. This versatile tissue transfers energy to the muscles, communicates with the nervous system, acts as a sensory organ, helps to protect and regenerate our internal organs, and provides the foundations for a healthy physique. We used to think it was our muscles doing all the work, but now we know the connective tissue plays a big part, too. It responds to stress and other stimuli, and when it gets matted or sticks together, it can cause pain and mobility problems. That's why it's so important to train our fascia - and just 10 minutes, twice a week is all it takes!

Prepared under the auspices of the International Council of Nurses (ICN), this first volume provides a comprehensive overview of the rapidly emerging field of advanced nursing practice. It addresses central issues in the role and practice development that are fundamental to defining and differentiating the nature of this field. Topics include defining the role, role characteristics, scope of practice, education, regulation and research. Obstacles to and facilitators of that role are addressed and include ethical questions arising in the context of practice development. With an international focus, this volume examines international developments in the field, as reflected in country-specific case studies and examples. It offers a valuable resource for advanced practice nurses, educators and administrators at healthcare institutions.

Sylvia Earle first lost her heart to the ocean as a young girl when she discovered the wonders of the Gulf of Mexico in her backyard. As an adult, she dives even deeper. Whether she's designing submersibles, swimming with the whales, or taking deep-water walks, Sylvia Earle has dedicated her life to learning more about what she calls "the blue heart of the planet." With stunningly detailed pictures of the wonders of the sea, *Life in the Ocean* tells the story of Sylvia's growing passion and how her ocean exploration and advocacy have made her known around the world. This picture book biography also includes an informative author's note that will motivate young environmentalists. *Life in the Ocean* is one of *The Washington Post's* Best Kids Books of 2012

It only takes five minutes to start changing your life. For good. Everyone wants to be healthy. But thanks to the unceasing distractions in modern life, virtually everyone also struggles to maintain this priority. And thanks to a flood of conflicting opinions and complicated programs, figuring out how to be healthy can be overwhelming. But what if all it took to make a real difference was five minutes of your day? If you've ever struggled to prioritize your health, or started an intensive plan only to stop days, weeks, or months later, it's not your fault—behavioral science shows that most plans simply aren't built to last. Already a #1 bestseller in the UK, *Feel Better in 5* outlines a daily five-minute plan that is easy to follow, easy to maintain, and requires minimum willpower. From Dr. Rangan Chatterjee, a pioneer in the emerging field of progressive

medicine and star of BBC's Doctor in the House, Feel Better in 5 draws on his 20 years of experience, including real-life case studies from his medical practice, to identify simple, effective strategies that will help you become healthier, happier, and less stressed. Inside, discover:

- A strength workout that you can do anywhere
- Gut-boosting snacks you can eat on the go
- Yoga moves to relax and stay supple
- Breathing exercises to calm the mind

To get healthy and stay that way, you need a program that doesn't force you to shape your life around its demands. Feel Better in 5 gives you a program that shapes itself around your life. It is your daily five-minute prescription for a happier, healthier you.

This interesting book contains a history of the English church during the reigns of Queen Elizabeth I and James I. Both monarchs sought to continue the Protestant reformation that began under the reign of Henry VIII.

LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Cameron Diaz shares her formula for becoming happier, healthier, and stronger in this positive, essential guide grounded in science and inspired by personal experience, a #1 New York Times bestseller. Throughout her career, Cameron Diaz has been a role model for millions of women. By her own candid admission, though, this fit, glamorous, but down-to-earth star was not always health-conscious. Learning about the inseparable link between nutrition and the body was just one of the life-changing lessons that has fed Cameron's hunger to educate herself about the best ways to feed, move, and care for her body. In The Body Book, she shares what she has learned and continues to discover about nutrition, exercise, and the mind/body connection. Grounded in science and informed by real life, The Body Book offers a comprehensive overview of the human body and mind, from the cellular level up. From demystifying and debunking the hype around food groups to explaining the value of vitamins and minerals, readers will discover why it's so important to embrace the instinct of hunger and to satisfy it with whole, nutrient-dense foods. Cameron also explains the essential role of movement, the importance of muscle and bone strength and why we need to sweat a little every day. The Body Book does not set goals to reach in seven days or thirty days or a year. It offers a holistic, long-term approach to making consistent choices and reaching the ultimate goal: a long, strong, happy, healthy life.

****THE SUNDAY TIMES BESTSELLER**** 'Brilliant! It's hard to change your life - but this book gives you all the reasons it's possible. From the first page to the last, one revelation after another.' JEREMY VINE 'Brilliant . . . especially required reading in these COVID-19 days' LIZ EARLE 'Metabolism, inflammation, and immunity are three sides of the same coin. Fix one and you fix them all. Dr Aseem Malhotra offers you a way to fix all three at once, and the solution is as easy as your fork.' PROFESSOR ROBERT LUSTIG, bestselling author of Fat Chance 'This remarkable book will change your life.

Beautifully written, it compiles in one place the health messages we all know make sense. PROFESSOR KAROL SIKORA, leading cancer specialist and Founding Dean, University of Buckingham Medical School 'Read this book and follow the plan, it may save your life.' GURINDER CHADHA, OBE, director of Bend It Like Beckham 'A crystal-clear roadmap to reverse the roots causes of our poor metabolic and immune health. It is the handbook of health for our time.' MARK HYMAN, New York Times bestselling author of Food Fix ***** The simple, evidence-based diet plan to rapidly improve your metabolic health, help with normal immune function and likely reduce the risk of severe effects from Covid-19. Dr Aseem Malhotra is a leading NHS-trained cardiologist and a pioneer of lifestyle medicine. He has been at the forefront of citing the health conditions which make us vulnerable to the worst effects of Covid-19. Obesity, Type 2 diabetes and heart disease are high among them - and all indicators of poor metabolic health. The good news is that in just 21 days we can prevent, improve and even potentially reverse many of the underlying risk factors that exacerbate how infections, including Covid-19, affect us and improve our ability to recover from them. Giving us the evidence-based science behind the plan, Dr Malhotra shares how simple changes to our diet as well as daily exercise and stress relief can have remarkable results in improving our markers for metabolic health, even helping to put Type 2 diabetes into remission, reduce risk factors for heart disease, decrease weight and enhance vitality. Arguing for the huge benefits to global health of these highly effective lifestyle changes, he shows how just 21 days can help us to start the journey to lead a healthier and longer life.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Liz Earle is the authority on skincare and her brand new guide, SKIN, is the only book you will ever need to transform dull, lifeless skin, to skin that radiates youth and good health. SKIN features a 6-week programme to nourish your skin from the inside out. Each week focuses on a different aspect of skincare, from detox and exfoliation, cleansing and healing, to nourishing, balance and, finally, radiance and maintenance. It encourages you to incorporate new practices into your skincare routine such as body brushing and meditation, as well as guiding you through a make-up detox, making your own scrubs and masks and problem-solving for specific skin conditions. The programme is accompanied by 80 delicious and easy recipes to prove that what you put in your body is just as important for your skin as what you put on it. With breakfasts, lunches, easy suppers, snacks and desserts such as Banana and Nut Butter Pancakes, Salmon, Fennel and Quinoa, Rich Chocolate Pots and clever Beauty Bombs for an instant beauty hit, these recipes will help you on your way to glowing skin during the programme and beyond. All recipes are easy to make, don't need expensive or specialist ingredients and can be eaten all year round for glowing, radiant skin.

'Filled with a wealth of invaluable information...after reading this you will feel empowered and ready to take on the world' - Lorraine Kelly OBE The ultimate guide to looking and feeling your radiant best throughout the perimenopause, menopause and beyond 'I have always found it curious that we talk openly about pregnancy and birth but when it comes to an equally important phase in our lives - the menopause - there is an audible silence... I want all of you who read this book to know you have the tools to feel and look your radiant best. And more than that, I want my daughters - and yours - to embrace the menopause as simply another phase in our lives which is natural and liberating.' Liz Earle, MBE, is one of the world's most respected and trusted authorities on wellbeing. Following on from her bestselling books Skin and The Good Gut Guide, this beautifully illustrated guide shares all of the information, tips and advice you need for a healthy menopause. She provides guidance on how to balance your hormones, the importance of a nourishing diet, the myths and facts about HRT, osteoporosis, how to optimise bone health, and how to boost energy and self-esteem. An expert on beauty, Liz Earle also provides advice on how to take special care of skin, hair and nails, and how to combat ageing with supplements. She also shares 60 nutritious recipes - including many suitable for vegetarians - to help you feel and look your best. 'Liz Earle's practical, honest and uplifting book will help women become stronger as we navigate the Menopause. It's time to celebrate a new chapter in our lives' - Kirsty Wark

In this follow up to How to Be Human, Ruby Wax builds on her exploration on forgiveness to demonstrate that the next great barrier to progress is compassion. The Future with Love teaches us essential tools for making the most out of the relationships in our loves and protect our hearts and mind amidst the madness of hashtags and 24-hour news cycles. Introducing a new mindfulness practice (tuning into the body), Wax creates a call to arms to living more intuitive lives. Drawing on how education, businesses, technology can use kindness to reform - and better - themselves as well as the purpose of kindness, this book will investigate why greater compassion is our one-way ticket to a better future.

#1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and drama of scientific discovery, as well as its human consequences. "The ultimate guide to holistic health!" -- Gabrielle Bernstein, #1 New York Times best-selling author of The Universe Has Your Back "Every woman should get this book." -- Christiane Northrup, M.D., New York Times best-selling author of Women's Bodies, Women's Wisdom and Goddesses Never Age What if the best health of your life isn't just about what you do--or don't--eat? The

secret to having the healthy body and life you want isn't just in a rigid way of eating. It's in developing your own Health Habit. Coined by nutritionist and author Elizabeth Rider, your Health Habit is a skill, or a set of skills, that allows you to make the best choices that serve you most. By focusing on action--not just theory--you won't even have to think about "being healthy." You just will be--without the deprivation, shame, and OMG-do-I-really-have-to-choke-that-down overthinking and fear that come with restrictive diets. With this paperback edition of her fresh look at healthy living, 28-Day Kick-Start Plan, 50 recipes, and online community, Elizabeth will get you started, keep you motivated, and connect you to health-conscious people around the world.

NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author “Sharp, provocative, and useful.”—Jim Collins “Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good.”—Financial Times “A flat-out great read.”—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* “You’ll never look at yourself, your organization, or your world quite the same way.”—Daniel H. Pink, bestselling author of *Drive* and *A Whole New Mind* “Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change.”—The New York Times Book Review
