

## Mcgraw Hill Reading Wonders Your Turn Practice Book Grade 1

Your students will engage in their first guided practice with fresh reading selections every week! Students can directly interact with text by underlining, circling, and highlighting text to support answers with text evidence.

"Developing Ocular Motor and Visual Perceptual Skills contains daily lesson plans and practical tips on how to successfully start an activities program. Other helpful features include a glossary of terms and a reference list of individuals and organizations that work with learning disabled children to develop these skills. The first of its kind, Developing Ocular Motor and Visual Perceptual Skills utilizes a learning approach by linking the theories with the remediation activities to help learning disabled children improve their perceptual and fine motor skills. All professionals looking to assess and enhance a variety of fine motor and visual perception deficiencies will welcome this workbook into their practices" -- Publisher description.

Concise and focused, the Wonders Reading/Writing Workshop is a powerful instructional tool that provides students with systematic support for the close reading of complex text. Introduce the week's concept with video, photograph, interactive graphic organizers, and more Teach through mini lessons that reinforce comprehension strategies and skills, genre, and vocabulary Model elements of close reading with shared, short-text reads of high interest and grade-level rigor

Bursting with stories and informational text selections by award-winning authors and illustrators, the Wonders Literature Anthology lets students apply strategies and skills from the Reading/Writing Workshop to extended complex text. Integrate by reading across texts with the Anchor Text and its Paired Selection for each week Build on theme, concept, vocabulary, and comprehension skills & strategies of the Reading/Writing Expand students' exposure to genre with compelling stories, poems, plays, high-interest nonfiction, and expository selections from Time to Kids

A book intended for teachers to use with students in the upper elementary and middle school grades looks at such natural phenomena as earthquakes, glaciers, and volcanoes.

Provides students with their first guided practice, with fresh reading selections every week. Students can underline, circle, and highlight text to support answers with text evidence.
