

My Daddys In Jail

The generation that toiled through the Great Depression and won the Second World War has become known as "the greatest generation." But not all of them qualified for that exaggerated epithet in the eyes of their own children. In this tender but unsparing memoir, Mary Cimarolli remembers a world in which the family home was lost to foreclosure, her father made his way by bootlegging, and school was a haven to hide from her brother's teasing. Her stories are about struggle and survival, making do and overcoming, and, ultimately, reconciliation. From her perspective as a child, she describes the cotton stamps and other programs of the New Deal, the yellow-dog Democrat politics and racism of East Texas, and the religious revivals and Old Settlers reunions that gave a break from working in the cotton patch. The colorful colloquialisms of rural East Texas that dot the manuscript help express both the traditionalism of the region and its changes under the impact of modernization, electrification, and the coming of war. Along with these regional and national trends, Cimarolli skillfully interweaves the personal: conflict between her parents, the death of her brother a few days before his sixteenth birthday, and her own inner tensions. "When someone you love goes to jail, you might feel lost, scared, and even mad. What do you do? No

matter who your loved one is, this story can help you through the tough times."--from cover, p. [4]

The story starts on the day Jean was born into a family of strife with an alcoholic father and parents that fought every weekend. She was raised with a sister and three brothers. The three oldest of the children were very close in age and did everything together as young children. The other two children came along later. So they were not as close as the older three were. She went on to marry her first love at age fifteen. He was twenty. He drank a lot of beer so consequently there were a lot of problems. Over the years, he was unfaithful to her multiple of times. He was not yet ready to settle down. Yet they had three children to raise. Roland was a commercial fisherman and times were hard. He would go out and get whatever seafood was in season to sell and bring some home to cook. He spent lots of time away from home, sometimes two or three days. Sometimes he would be working, but most of the time, he was just goofing off or spending time with other people, and sometimes it would be with other women. Sometimes Jean would go out and find him and get him to come home. Jean spent a lot of time cleaning the house and moving the furniture around from boredom. Other times, she would work outside the home. She tried to keep a stable home for the kids as best she could under the circumstances. Sometimes Roland would take the children out on

the boat, fishing and clamming. One time, there was an accident that occurred while he had the two boys out in the ocean on a small boat. Roland escaped near death several times from events that happened while working in his fishing profession as a commercial fisherman. What happened to him? And what happened to the girl in this story? This is a story that never gets boring. It keeps your interest to the end.

When one of Lainie Lovett's closest friends suspects her husband of cheating on her, she turns to Lainie for help. He insists he's innocent, but he's seen leaving the Other Woman's house—shortly before the Other Woman turns up dead, apparently killed after pigging out on Happy's Hamburgers.

Now he's suspected of murder, and he begs Lainie to clear his name. How can she say no? His wife is the goalie of the Rockettes, Lainie's soccer team. Lainie has to make sense of the victim's blasé family and back-stabbing pals. Add to this the mysterious green car that keeps appearing in front of Lainie's house, the romantic ups and downs of her flaky sister-in-law, the subtle pressure she's feeling from her boyfriend, and kickoff week—the start of a new school year for Lainie and her fellow teachers. She also has to figure out why the victim, a devout vegetarian, would consume all those fast-food hamburgers. Whether it's affection for family and friends, passion for teaching, enthusiasm for soccer, panic over a possibly straying husband, or a soul-deep craving for a greasy meat patty on a toasted bun... Ultimately, everything is about love. And love, Lainie learns, can cause a whole lot of trouble.

-BERT BURYKILL, Vice Magazine There are nearly three million adults in the U.S. alone that are in prison or jail. Many of these being parents that leave behind unanswered questions with their children: What is jail? Why did this happen? Is it my fault? Is my daddy (or mommy) bad? Do they love me? My Daddy's in Jail is a story of two bears who have a father in prison. The book is narrated by a very odd cockroach.

When she was very young, Irene Kacandes knew things

about her father that had no plot, no narrator, and no audience. To her childhood self these things resembled beings who resided with her family, like the ancestresses who'd thrown themselves off cliffs rather than be taken by the Turks, or the forefathers who'd fought the Trojans. For decades she thought of these cohabitants as Daddy's War Experiences and tried to stay away from them. When tragedy touched the adult life she had constructed for herself, however, she realized she had to confront her family's wartime past. Kacandes begins with what she did know: that her immigrant grandmother returned to Greece with four young children—and without her husband—only to get trapped there by the Nazi occupation. Though still a child himself, her father, John, helped feed his younger siblings by taking up any task possible, including smuggling arms to the Resistance. Kacandes painstakingly uncovers a complex truth her father chose not to tell, a truth inextricably entwined with the Holocaust, discovering, too, a common but little-told story about how the telling of such memories is negotiated between survivors and their children. Daddy's War brings new understanding to how trauma, like the revenge of Greek gods, can visit each generation and offers a model for breaking the cycle. This is a story about the memories of an only child growing up on a South Georgia cotton and peanut farm during the Depression and World War II years. Cross Roads kinfolk and cousins were Peggy's playmates. She speaks about the hardships of picking cotton, stacking peanuts, running a cucumber growing enterprise, and making ends meet with the help of

moonshining. It was a long trip to town by horse or mule, so many farmers had small stores for providing the necessary staples and a place for farmers, kinfolk, and farm hands to meet and socialize. Peggy writes about the nature of the school systems, marriage disappointments and successes, raising four children and helping with eight grandchildren. Rural living in hard times brought happy occasions with barbeques, church socials, picnics, dances, movies and constant changes in sweethearts as part of growing up. She lets you in on her personal outlook on Southern living in the days of segregation and the changes to the new order of today. Now she is a leader for family and high school reunions. This book puts us back in focus on historical events that was a part of shaping our lives. This book is so "from the heart". It helps us understand our past and how one fleeting moment can change our whole life. There is no love to compare to a Mother's love, so deeply expressed in this book. It brings back a lot of memories out of the dark recesses of the mind.

"In 1954 Johnnie Frank Griffin witnessed the violent death of Attorney General-elect Albert Patterson, of Alabama. Six months later he told a grand jury what he knew. The next day he was stabbed. Though his wounds seemed slight, that night he died in a hospital built from the profits of crime. Nine years later, just minutes after the assassination of John F. Kennedy, Johnnie Frank's son, Frank Griffin, saw Lee Harvey Oswald fleeing the scene of the murder of a Dallas police officer. Between these two events Frank Griffin had come of age in one of the strangest decades in American history. His story

touches that of one of the era's best known governors, John Patterson of Alabama. It intersects with mob bosses and CIA operations. There's even room for country music and barroom brawls. This story shows how Frank Griffin's life was truly Touched By Fire."--Back Cover.

The funny, insightful and moving account of what happens to a close, loving middle-class family when the father is unexpectedly thrown in jail. Mel Jacob's revealing account is the story of the family left behind. It chronicles the grief, the stigma and the conversational minefields of her husband's whereabouts, as well as the logistical problems of making a baby sibling for her two children, and why it's not appropriate to tell people that Daddy's in jail.

Wake Up Singing is the story of Mary Helen Richards and her revolutionary approach to teaching, Education Through Music. Written after her death by her husband, Cedric Ricky Richards, and edited by their children, it is a both a love story and a history. It tells the story of their lives over the course of more than half a century together as they worked and played, suffered and rejoiced through the birth, growth and development of their children and their work, ETM and the Richards Institute of Education and Research. To Rickys long narrative, written during the four years before he too moved on to join his beloved Mary Helen, their children have added some of Mary Helens and Rickys personal writings about the years before they met, as well as love letters from their courtship, and an epilog about the last years of their lives. Telling the story of the dedication and love of life

that made their work possible, this book is a testimony to the way a shining intent can unfold through doubt and delight, anguish and adventure, into reconciliation and beyond

My Daddy's in Jailcrg Children's

A farm boy from the mountains of North Carolina, Rufus Edmisten could not have been prepared for the halls of power in Washington, D.C., during the Vietnam War era, as young men burned their draft cards and pro-cannabis factions held "smoke-ins" in the capital. A University of North Carolina Chapel Hill graduate, he earned a law degree at George Washington University and landed a job as counsel to U.S. senator Samuel J. Ervin, Jr. This led to Edmisten's appointment as Deputy Chief Counsel for the Senate Watergate Committee--he personally served Richard Nixon the first ever subpoena of a sitting president by Congress. Returning to North Carolina, he served as Attorney General and Secretary of State before retiring from public life to practice law and participate in charitable activities. Written with humor and candor, his memoir recalls the cultural contrasts of American life in the 1970s and 1980s, and affirms that the business of government is to enable us to live together peacefully.

A child reflects on why her father is in jail, understanding that it's not her fault, and what it means for their relationship.

Wisdom is free, but most women won't accept her when she's handed to them. So, wisdom has to come in another form called Experience. Experience may seem unmerciful, unyielding and unapologetic, but her assignment is clear: Teach the women of GOD to reject sin so they will be acceptable to GOD. Wise Her Still Too is a compilation of more than 25 stories geared at teaching women through the experiences of other women.

On a brisk and sunny day in January of 1948, a young, beautiful woman has been brutally beaten to death and found in a back alley in Los Angeles, California. Her face is unrecognizable. There are no dental records, no matching fingerprint record and no missing person record. The only leads are a tattoo of a blue buffalo on the glamorously dressed woman's shoulder and an elusive, dark, Packard sedan. Acclaimed homicide detective, JD Pearson is

assigned to investigate the murder. He will find that this is no ordinary murder. This murder has a mysterious family history of vengeance and death spanning almost three decades and a journey of 1450 miles from Boswell, Oklahoma to Los Angeles. This history includes the involvement of a powerful, Native American spirit, the Blue Buffalo. And this legendary bison will avenge this woman's death... Over fifty years ago, I was born to a family that ostracized me due to my father's occupation as a criminal. Although my parents were married, had it not been for my grandfather, we would have been put in orphanages due to the dysfunctional nature of my family. I still have memories of the neglect and abandonment that I experienced. This book is partially about my trials in seeking love in all the wrong places but also about overcoming and emerging triumphant by God's grace. My story entails the power of forgiveness and the pursuit of moving on through helping others. Some days, I can reflect, and I still see the smile of my grandfather and how he'd embrace me and tell me he'd love me. That in and of itself shows me many years later that God is love, and most importantly, I believe that this story reveals how He works through life, love, and people. You just have to be receptive to receive His grace. This is a book composed to shed some light on the two worlds that are currently at war within the African American Community. A war that is wage between

the highly educated and the less sophisticated African American. Who's right or who's wrong is not the question, for both sides raises valid points in the defense to justify its existance. Instead the question is how can the two come together to ensure a possibility of survival as one. This is a compelling fictional story that takes its reader on a historical journey through the judical, educational, and political disparities that has played a profound impact in the destruction of the African American family. This story touches upon the importances of family structure no matter whether it's inside or outside of the home by emphasizing the dire need of having both parents being actively involved during the crucial early stages of their childrens' development.

Tracy Mackness has always had a flair for business - if not all of it legal. She started work as a youngster on her dad's fruit and veg stall in Romford Market in the early 1970s, preferring grafting to going to school, but by the time she was a teenager she'd fallen in with a fast crowd and spent much of the next 15 years ducking and diving, and partying. The 1980s was a time of conspicuous excess, and Tracy took bigger and bigger risks - whilst sporting bigger and bigger hair - fraternising with gangsters, gypsies, prize fighters and the Essex criminal underworld. From Essex country clubs to Magaluf, Tracy was there, living life large. It was only when she was sent down for 10 years for conspiracy to supply cannabis, after being caught with 'a lorry load of puff' at a motorway service station off the M25, that she was able to turn her life around. Despite being banged up with some of the UK's toughest female prisoners, she proved to be a model inmate, and found her forte working on the prison farm. Never shy of hard work, Tracy left prison with numerous qualifications in pig husbandry and set up her own business, The Giggly Pig, which has become a huge success selling sausages at farmers' markets and festivals up and down the country. With her shrewd business acumen and bubbly personality, Tracy has come through the bad times with a hugely entertaining story to tell and a new life to live.

The importance of fatherhood extend beyond a provider. Keep that in mind. Yusuph couldn't deal with the future while he didn't clean all of his past memory. "Now we're all together and we can't shake hands... We can't kiss... Hugging each other is a test for us... Having sex is also a problem.... I don't think if we will get married... Bearing children is a dream..." Mother's love is mild while father's love is shape. They are different but neither is dispensable. Instead to go study abroad, he go to meet Clementine because she is the one who will restore all the love he had for Joseph without care if there a civil war. Yusuph's heart-beat, thump-thump -- His finger is taking up trigger-slack. One of NASCAR's pioneers, Bud Moore won countless races in the sport's early rough and tumble days. In almost four decades as a car owner, he was victorious at the Daytona 500, the Southern 500—three times—and at dozens of other NASCAR events, and won three Grand National Division championships, a Grand American championship and the Sports Car Club of America Trans Am

championship. He was inducted into the NASCAR Hall of Fame in 2011, with 63 wins and 43 poles. The cars built by Bud Moore Engineering have been raced by some of America's most talented drivers, including Buck Baker, Bobby Allison, Dan Gurney, Parnelli Jones, Tiny Lund, David Pearson, Buddy Baker, Fireball Roberts and many others. Moore continuously sought to improve his machines, making them not only faster but safer, and many of his innovations were quickly adopted throughout NASCAR and by the auto industry. This is Moore's story in his own words, covering his early life in Depression-era Spartanburg, South Carolina, his combat experience during the Invasion of Normandy, his racing career, and his family life and retirement as a gentleman farmer. Many never before seen photos are included.

My Daddy Went to Jail and I Am Sad is about unfortunate real-life instances that are hard to talk about with our children. Sometimes, we as parents are embarrassed to talk to our family and friends and especially our children when a parent makes a mistake in life and ends up in the judicial system. We need to be open with our children about these things and talk about things that are hard. This book is one of those ways to help in talking to our children.

Proverbs 28:13 says, He who covers his sins will not prosper. But whoever confesses and forsakes them will have mercy.

Pastor Charlene Evans Morton has been ostracized, criticized, scandalized, and crucified--not on the cross. Jesus did that, and it is finished. But she has been crucified in public, for her heart's desire to stand on the Word of God. She has been persecuted, but she's still standing for the Lord. Many are the afflictions of the righteous. What an honor to stand for Jesus, when He has stood for me so many times.
