Alien is a science fiction milestone and one of the most thrilling, terrifying, and beautiful film franchises of all time. Alien: The Archive is the first complete book of the stunning artwork and photography from all four films.

My name is not actually Penny Dreadful. It is Penelope Jones. The 'Dreadful' bit is my dad's JOKE. But it is not even true that I am dreadful... honest. You see, the DISASTER with Rooney, our class rat, might not have been such a DISASTER if it wasn't for Cosmo Moon Webster and his Amazing Maze. AND it is utterly not my fault that the Patented Burglar Trap accidentally tripped Gran over, so her bone went snap. ALSO, I only took Barry the cat to the hospital so he could revive Gran with The Power Of Pets. How was I to know it would be a Complete CATastrophe? This is a highly illustrated ebook that can only be read on the Kindle Fire or other tablet. "The stories are funny and are accompanied by brilliant illustrations by Jess Mikhail. The stories can not be read with a straight face, there is mayhem around every corner. Although Penny, the main character, is a girl, this book will appeal to both girls and boys and will make story time a great giggle. I would think that this book would encourage children to pick up the book and read alone too." - Sarah's Book Reviews

The book includes two full-length novels: the original 1818 text of Frankenstein, which was considered more shocking before Mary Shelley toned down its gruesomeness for the better-known 1831 edition, and Sweeney Todd: The Demon Barber of Fleet Street, a genuine penny dreadful that has served as the foundation for all accounts Sweeney Todd written since. Rohr's "Riding the Rails," a story he claims he had to rewrite from memory after a catastrophic file failure. Well, that one may have been good, but this alternate history-of a world we know but besieged by monsters of myth and legend-is great. Returning author Richard L. Rubin gives us another two-fisted retro sci-fi tale in "Commander Saturn and the Air Bandit of Mars." And DJ Tyrer brings back his acclaimed Nyssa of Abanos for her second (and Tyrer's third!) appearance in B&B-this time in "Journey to Mount Argaeas." In Kristen Reid's "American Appetite," Connor Wescott comes across some deserters with a strange sort of hunger. Yes you read the title of the next story correctly, "Callahan and the Bomb Squid." Laughs are few and far between in our pages, but every once in awhile we get a cracker like Jonathon Mast's, so savor it. Because S. Gepp's "No Stand" will knock that laughter right out of your belly with this gut-punch of a hard-boiled Western. Ben Serna-Grey dropped his weird-ass "Smoke and Hamsters" in our laps and cackled with glee as he then shat in a bucket and tried to get cash for it. That'll make perfect sense once you read this thing. We love it. Ready for more gut-punches? Hope so, because "The Drive Home" is about as pure and depressing a noir tale as we've ever published. Be safe driving, dear readers. "The DSD" by E.G. Thompson is a dual-pronged narrative set in a dying and dangerous frontier after the fall of civilization, and the stories herein can't all end on downers (though they damn sure tried!), so here's your happy ending. You'll need it. "Crowbait" by T.L. Simpson traces the line between vengeance and justice, with a clear emphasis that the former may cause more problems than just accepting your grief and moving on. Andrew Miller sent us this noir tale about a "Shootout at Namaste Mart" and the title alone almost sold one editor on the story. "Spaceman and Freakshow" by Roger H. Stone had a similar effect, and we think the stories do both of these titles justice. Longtime supporter and just all-around great writer Steve DuBois hit us with another tale of supreme oddity in his "The Professionals" about-well, his November 19th tweet says it better than we can- "magically-enhanced urban professionals escorting a Kennedy baby to the ruins of Dallas for inauguration as God-Emperor." Next up is "Aces and Rogues" by Anthony Pinkett, a two-fisted dogfighting space actioner that we both said we'd be "stupid not

to publish." "Don't Let the Law Hit Ya Where the Good Lord Split Ya" is a mouthful of a title that came off Russell W. Johnson's keyboard, but it sure is an apt one for the crime story he sent in. After that we've got "Starstruck" by Kristen Brand, a sci-fi tale of solar guardsmen, mixed loyalties, and, ultimately, duty. Scott Forbes Crawford's "A Lone Man Is No Warrior" traces the story of a man who lost a king and his own warrior nature only to be spurred back to it by a woman's attempted murder of his boss. Lastly, we have Matt Spencer's "The Radiant Abyss." We've been blessed to have some stalwart supporters over the three years of the magazine's existence, and Spencer is the first and perhaps staunchest of those. It just so happens he writes stories we like, too.

An ill wind blows through the streets of London... Lyle's revelations about the creatures stalking the night have made it abundantly clear – the ordeal that was Vanessa Ives' life did not end with her death. She will not be allowed to rest in peace. As the party in the drawing room prepares to gather their strength once more, they find their sanctuary under threat and, to survive, they must scatter... p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px}

"Penny Dreadful's Cauldron Of Terror" contains two haunting stories that will take you back to the days of the classic EC Comics (For those Dreary Ones and comic book fans that are too young to remember EC Comics, please read here and check them out at your favorite comic book store). Penny has created and written two stories that will give both "Dreary Ones" and comic book fans a good chill and chuckle with her creations "Sprite Fright" and "Puppy Love". The first story entitled "Sprite Fright"; Penny takes you to a storybook time, and tells the tale of a little girl named "Christina" and her sprite friend "Cymbeline"; she and "Cymbeline"; along with the other sprite and fairy friends talk and play games in the garden, but when the sunsets "Christina" must say goodbye to "Cymbeline" and her other magical friends until the next day. "Christina" wants to invite her friends inside the house to play after sunset but Christina's mother will not allow her to invite them into the house. What happens when Christina's mother leaves her alone with her baby sister and invites her friends into the house? Penny Dreadful's next story comes straight from the question, "How did Penny And Garou Meet?" in a story entitled "Puppy Love" ; since Penny wants to keep this story a surprise for her fans, THE GRAND FINALE! This is it! Mirka Andolfo's limited series phenomenon reaches its cataclysmic conclusion. Heads will roll, scores will be settled, and everyone will face their own personal demons. Okay, we're not telling you anything too specific, but after all, do you really want us to spoil your surprise? Just know one thing: in the end, good always wins. But who or what is "good" in this wicked and dark fairytale?
