A boy must untangle the web of lies he's created in order to prove his innocence in this humorous and cheeky illustrated middle grade novel that's perfect for "fans of Timmy Failure and Big Nate" (Kirkus Reviews). Sam Lyttle is prone to stretching the truth. Most of his lies are harmless; tall tales and the product of an overactive imagination. So when Sam is summoned to explain a strange discovery—a ping-pong ball in a jar of peanut butter—and denies involvement, no one believes him. Then more seemingly unrelated peculiarities emerge, and Sam categorically denies any knowledge of those, too. In between these mysterious accusations, and with evidence mounting against him, Sam ruminates on the different sorts of lies he has told using examples from his past. Meanwhile, two pounds of potatoes wind up in the washing machine. Sam comes to a decision: he decides it is time to come clean about this latest tangled web. He gathers his family to hear the truth. The whole truth. Or is it? Could it be that this final "truth" is, in fact, another lie?

Beth Archer chose a different life: fancy apartment in Manhattan, fancy friends, making lots of money. This is the story of a skinny little country boy, born in a little community called, Swift, Missouri. Swift wasn't big enough to be a town. It was just a dusty piece of farm land just off highway 61. That is not even charted on the map anymore. My Dad was a farmer. Not unlike most black men during that time in the south. He earned his living, (that is, if you could call it a living) by the sweat of his brow, plowing up farmland during the fall of the year, and planting come the spring of the year, and then came harvesting time a few months later. That was the ritual for blacks, and a few whites for the rest of their lives. That is, unless they were fortunate like some others, and got a chance to leave that hell hole called a farm. My dad, I'm sure like his father, and grand father before him did the same thing. Walking behind a plow and mules, planting then came the chopping of the cotton and after that came the picking of the cotton. Now that was a life's ritual from the time you were big enough to walk and talk until you were ready for the grave. What a life. Now the Crume's were fortunate enough to break that cycle at some point in life
