* What if Moses had never told anyone about the burning bush? * What if Paul had kept quiet about his experience on the road to Damascus? * What if John had never written a word of what he saw during his exile on Patmos? The Bible is filled with mystical stories, yet modern culture is often uncomfortable with the concept of spiritual visions. Though a recent study showed that as many as 44% of Americans have had some sort of mystical experience, people are frequently hesitant to share holy moments that might seem strange to others. But John Sumwalt discovered that whenever a small group is gathered together and a vision story is told, two or three others will recount a similar episode. Almost everyone has either a personal vision story or knows of a friend's experience -- and if they know that its sacredness will be honored, most people want to tell their story. This remarkable collection shares 69 authentic, life-changing narratives that witness to the Lord's power and presence. Many of these intensely personal accounts have never been told before, and whether they concern visions, healing, or answers to prayer, they all demonstrate our spiritual thirst, as well as the indescribable joy, comfort, and peace that comes from encountering the divine. Each illustrates a scripture passage from Cycle B of the Revised Common Lectionary -- so Vision Stories is an especially valuable resource for lectionary preaching. But even more, it's inspiring reading for personal devotion and spiritual growth. This wonderful collection of stories reminds us of a fact our world desperately needs to know -- that God is alive and well and ready to be at work in our daily lives. J. Ellsworth Kalas Author of New Testament Stories from the Back Side John Sumwalt has given us a treasury of God's meetings with the daily lives of people. Too often we think of God as hidden away in the stories of the Bible. Here we see God now encountering people in surprising ways of grace. May these stories encourage us to tell one another our stories of God's meetings with us as well. Dwight Judy Author of Quest for the Mystical Christ I am very impressed with Vision Stories as a resource for preaching, teaching, and spiritual formation reading. These stories help us to meet what may be the greatest spiritual need of our time -- to know and to share the experience of the reality of God and the spiritual realm in a materialistic world. Charles R. Gipson Author of The Three-Year Community for Spiritual Formation Through stories and scriptural comparisons, Sumwalt offers insight into the extraordinary spiritual experiences of ordinary people. Cheryl Kirking Author of Ripples of Joy A noted storyteller, John E. Sumwalt is the senior pastor of Wauwatosa Avenue United Methodist Church in Milwaukee, Wisconsin. The author of CSS' acclaimed Lectionary Stories series, Sumwalt leads seminars and retreats on sharing and understanding visions.

Teacher-pupil planning means teachers and students working in a partnership to articulate a problem/concern, develop objectives, locate materials/resources, and evaluate progress. The intent of this volume of Middle Level Education and the Self-Enhancing School titled, "School is Life, Not a Preparation for Life"-John Dewey: Democratic Practices in Middle Grades Education, is to take the thoughts about the middle grades school curriculum presented in volume one (Middle Grades Curriculum: Voices and Visions of the Self-Enhancing School) and demonstrate the efforts taking place in teacher education programs and middle grades classrooms today. Volume two is organized into two parts, efforts within teacher education programs and efforts of practitioners in the middle grades classrooms. We asked authors in both contexts to address the following questions: 1. Antecedents: What knowledge, skills and dispositions must be in place in all stakeholders to have teacher-pupil planning serve a central role in the middle grades teacher education program or middle grades classroom? 2. Implementation: What does the teacher-pupil planning process look like within your teacher education program or middle grades classroom? 3. Outcomes: What benefits (knowledge, skills, and dispositions) are derived from the implementation of teacher-pupil planning in your teacher education program or your middle grades classroom?
