My Story is told by a young girl who had to grow up faster than any child should. It is April's story, told in April's voice. Readers follow April as she witnesses the awesome beauty of storms, births, and mangoes, feels the terror of a singularly unpleasant stepfather, the joy of an aunt with whom she feels a truly authentic connection, and the unimaginable anguish caused by the loss of that connection. But through her loss, April's story takes on fascinating new dimensions. After her Auntie Marcie moves away, My Story ceases to be a simple memoir about growing up in Jamaica and turns

into an intricately layered commentary on otherness and recursive patterns of violence and neglect within families. Fleeing the dominion of her stepfather Freddie, April and her siblings come under the protection of her Gramma. Little do they know, this protection is not what it seems, as April finds herself struggling to raise her entire family nearly single-handedly. Bonitto's sparse prose leaves no facet of this journey unexplored, as April contends with an environment she knows nothing about, against odds which seem inevitably stacked against her. My Story isn't just April's story; it belongs to anybody who lived through such hard times, they thought they'd never even get to tell about them.

"Poetry for the Soul" is an inspirational and motivational piece directed toward enlightening the reader about the power of the soul's ability to reach higher spiritual aspirations. The writings are real; she say's poetry to me is never fictional, because life is not, it is something

heard, seen, smelled, tasted, and touched, as we live, so it is. It is as real as the five senses we possess, for some it's six. It is the culmination of the events of a person's spiritual enlightenment, in hopes of bringing joy to the reader's heart and soul. This uniquely designed poetry book is about love, faith, hope, and determination. The peaceful images will allow the reader to pause to see the still beauty of God. The "soul" is the essence of the heart of a person, the inner being of man or woman. Whatever we possess in our heart whether it is beauty or beast will radiate from within our being to the world we see. Life is real and it is better to find the good in the left over's instead of complaining about the food you get. This book is about embracing life, while holding on and not letting go. Inspired by the life of the author as she strived to live beyond the challenges filled with disappointment, joy, despair, triumph, withdrawal, shame, and much more. She never lost hope or her desire to write, always knowing that there had to be something greater, better to life than what she had. She was blessed by God to put her feelings on paper and to share them with the world. Being a spontaneous writer, these writings are very unique, and where written to bless your soul.

The author Greg J. Delle has not yet completed his lifetime study of natural humanity and manipulated governed humanity. He and his childhood giraffe friend (Niqnyu) travel back through time to when Delle was one year old, to the present, and to the future. Delle depicts how our great inventors, writers, and a host of gifted legends became successful. Despite a system of scarce schooling and

Online Library Your Auntie Loves You

academics, they still prevailed. Delle compares this with current academic standards and how academics can affect a child's creativity. He asks what good are competition and the disease of believing you have to be number one. The twelve hours a day of study and homework a child has – does it teach each and every child to be better than one another? Instead, it would be better to have schools that teach parenting and help people respect and be polite to one another. Delle and Niqynu study the history of religion and how it has affected and continues to affect modern civilization. Of course, God is energy shared by everyone. Delle and Niqynu studied the laws of the Bible, modern school bureaucracy, and the government system - its laws, rules, regulations, fines, penalties, and restrictions. This arduous squeezing system comes down on parents and poor people, to force their children to fit the modern moral mold. Delle and Niqynu question the behavior of adolescents and adults. The rule of sexual societal behavior needs to be set free. Delle and Niqynu never stop asking questions because it is their destiny to help prevent child abuse. Just look at all of the mental and physically abused children. His questions are still unanswered. Come and join them on their quest.
